SERVICE

QUOTE

QUOTE FOR COMMERCIAL CONSTRUCTION

Construction estimators do not just measure and itemize material costs—though this is the bread and butter of the job. Preparing estimates also include assessing technical documents and deciding on the required equipment and number of specialty contractors. Organizing permits for construction companies is also part of the estimating process. The estimate will then be used to compile the detailed cost proposals presented in the customer quote.

PERMIT AND INSPECTION

Dental office are expensive to build-out. There are at least 2 water lines, drain lines vacuum lines air lines in each room and then some offices also have oxygen and nitrous oxide piped into each room. Typically there are 5+ electrical outlets. Eliminating walls reduces costs and gives a larger feeling to the place. Even offices that have individual rooms often lack doors. We Know Exactly Who Dentist is

Sarix Value® Series IR Environmental Mini Dome Cameras (IMV229-1ERS, IMV529-1ERS)

2MP or 5MP, 3-9MM, IR Environmental Mini Dome Cameras

Product Features

Excellent low light perfo

- I True Wide Dynamic Range
- I 30fps@1080p,20FPS@5MP
- I Built-in IR illumination upto 30M
- I Remote zoom and focus varifoc
- I H.265 and H.264 encoding with Pe C ompres s i on
- I IP66forenvironmentalruggednessandIK10 for vandal resistance
- I Built-inMicroSD/SDHC/SDXCCardSlotfor On-board Storage, 256 GB tested
- I Built-inMicrophone

Camera

Sarix Value IMV Series cameras are ideal for discreet surveillance with their compact size and design that blends in with surroundings. The Sarix Value Series features excellent image quality with great low light performance, color fidelity and true wide dynamic range (WDR) for increased visibility in difficult lighting situations. And with built-in IR illumination, the camera can provide coverage even in total darkness. The vari-focal lensing gives you the flexibility to set a range of fields of view.

With IP66 and IK10 ratings, the Sarix Value IMV Series can be deployed in a variety of indoor and environmental settings as well as in vandal prone areas.

Video

Sarix Value Series cameras provide options for three simultaneous video streams. The three streams can be compressed with efficient H.265, H.264 High or Main profiles, or MJPEG encoding. The streams can be configured to a variety of resolutions and frame rates. Pelco Smart Compression is available on both H.264 and H.265 to minimize storage and bandwidth utilization.

Open and Integrated

Sarix Value Series cameras seamlessly connect to VideoXpert™, Pelco's video management system as well as other leading Video Management Systems via the ONVIF Profile S, T, and G Profiles.

PELCO

WE BUILD WITH PRECISION, INTEGRITY, AND DEDICATION.
YOUR VISION IS OUR FOUNDATION.

ExSite® Enhanced 2 Explosionproof Fixed Compact Camera System Product Features

Up to 3200 x 1800 Resolution Wide Dynamic Range (WDR)

Multi-Stream H.264 and H.265 IP Video with Smart Compression
Rated to Operate from -40 °C to +60 °C (-40 °F to 140 °F), with ambient convection
AISI 316L Stainless Steel Electro Polished Construction
Standard IP Ethernet Connection Full Suite of Built-In Analytics Onvif Profiles S, G, and T Conformant Certifications:
FCC Part 15, CE, UL/cUL, ICES-003, RCM
Hazardous Location Certifications: IECEx, ATEX, INMETRO, EAC Ex,
UL/cUL Marine Certification: Lloyds Register

Camera System

ExSite® Enhanced 2 Series is purpose-built to monitor operations and control processes in hazardous locations with risks of explosion due to the presence of flammable liquids, gases or dust. Rugged outdoor cameras available in fixed, fixed compact, and PTZ, it meets stringent explosion proof and dust-ignition proof requirements while complying with international standards (UL, CSA, ATEX, IECEx, EACEx).

It provides to operators crisp and clear evidence with zoom, with true WDR, and low light capabilities for challenging lighting conditions common to hazardous areas. The ExSite® Enhanced 2 Series is built to survive in the harshest conditions, rated IP69 it protects from water, high wind, high and low temperatures with an operating range of -40°to +60°C. Holding a Marine certification: Lloyd's Register, it is also resistant to corrosive elements.

ExSite® Enhanced 2 Series cameras are easy to install and adaptable to most operational needs. ExSite® Enhanced 2 Series cameras support a range of input power options. ExSite® Enhanced 2 Series cameras also come standard with wipers and sun shrouds, capturing desired video regardless of the weather.

The ExSite® Enhanced 2 Series provides industry-leading image quality using a Full HD 1080p camera producing up to 60 images per second. The camera's image defog capability increases video quality in poor visibility conditions and 3D noise filtering is available.

Video

ExSite® Enhanced 2 Series cameras provide flexible streaming options. The primary stream can be compressed with efficient H.265, H.264 High or Main profiles, or MJPEG formats. It can be configured to

PELCO

WE BUILD WITH PRECISION, INTEGRITY, AND DEDICATION.
YOUR VISION IS OUR FOUNDATION.

Spectra® Pro IR Series IP PTZ Outdoor Camera HIGH-SPEED PTZ, 30X MODELS, FULL HD, WDR, LOW-LIGHT PERFORMANCE Product Features

•850 nm IR Illumination to 150 m •H.265, H.264, and MJPEG Video Encoding •Tilt Range +15° to –90° Degrees •Low Light Down to 0.1 lux •IR Illumination with Proportional Brightness Based Upon Zoom •Up to 120 dB True Wide Dynamic Range (WDR) •Sabotage and Simple Motion Detection •Pelco's Smart Compression Technology •Up to Full HD 1080p •Up to 60 Images per Second (ips) •Power Over Ethernet (802.3bt), 24 VAC, 48 VDC •Electronic Image Stabilizer (EIS) •Up to 2 TB Edge Storage with micro SDHC/SDXC Card •3-Year Warranty and Support

Embedded Features

Included in all models are built in video analytics (e.g. Sabotage and Simple Motion Detection). Spectra Pro IR also allows for up to 16 configurable window blanks. White Balance modes including Auto or Manual are available for overcoming difficult lighting conditions day and night. Spectra Pro IR supports up to 2 TB of onboard local storage (not supplied) that is easily accessible through the ONVIF Profile G protocol or FTP.

Video Encoding

Spectra Pro IR Series provides three methods of video encoding: H.265 Main profile, H.264 High/Main/Baseline profiles and MJPEG.

Intuitive Design

Spectra Pro IR Series features the same ease of installation and maintenance that you have come to expect from Spectra.

VMS Integration

Spectra Pro IR easily connects to Pelco IP and hybrid video systems such as VideoXpert, Endura 2.0 (or later), and Digital Sentry 7.3 (or later). The camera is also compatible with Digital Sentry NVS (DS NVS), a full-featured video management software, which is available as a free download at www.pelco.com. DS NVS includes four free Pelco IP licenses and allows for the management of video from up to 64 cameras.

Pelco endeavors to be the most open and integrated camera provider in the industry and as a part of that effort Spectra Pro IR is integrated with a long and ever-growing list of 3rd party software and Video Management Systems (VMS).
